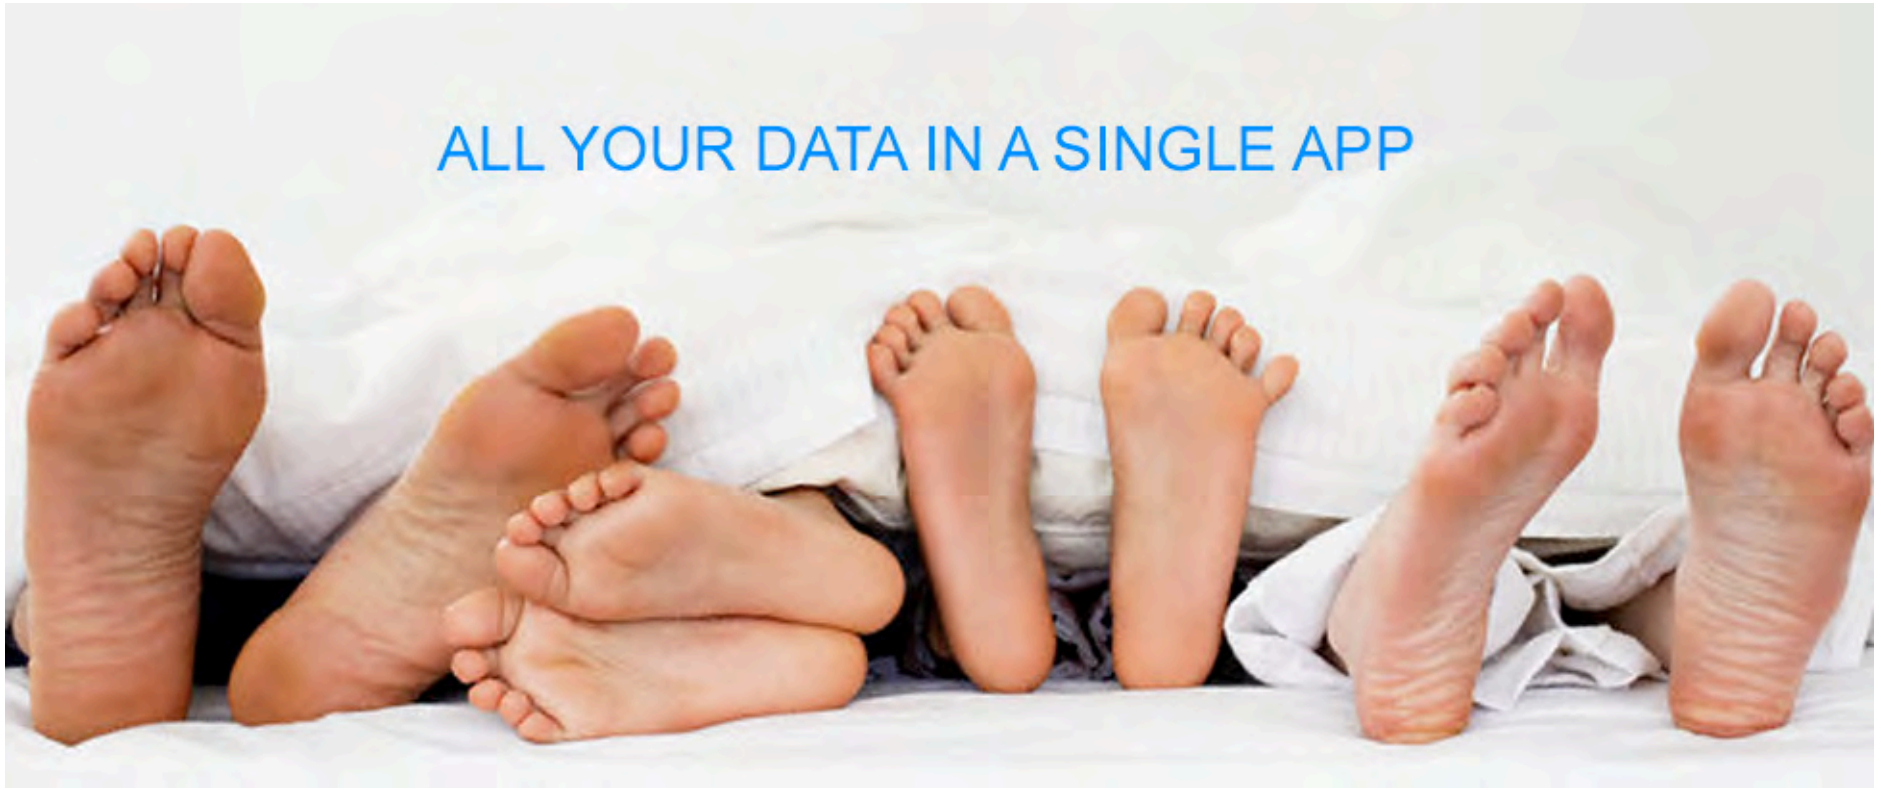
iHealth®



iHEALTH WATCH
WiFi ACTIVITY AND SLEEP TRACKER

DESCRIPTION: The iHealth Wireless Activity and Sleep Tracker is a device that tracks your daily activity and sleep. It uses Bluetooth 4.0 with low energy techonology and is sweat, rain and splash proof. Each Tracker comes with two color options for wristbands and waist clips. This Tracker, along with the free iHealth MyVitals app, can keep you motivated and help you stay on track to a more active and healthier lifestyle. Measure steps taken, calories burned, distance traveled, sleep hours and sleep efficiency. Set goals and silent alarms that vibrate, view trends, and organize records. Share your results instantly with friends and family. Keep track of physical activities and daily diet as part of your overall health.
Device compatibility: iPhone 4S+, iPad 3+, iPad Mini, iPod touch 5th generation+.

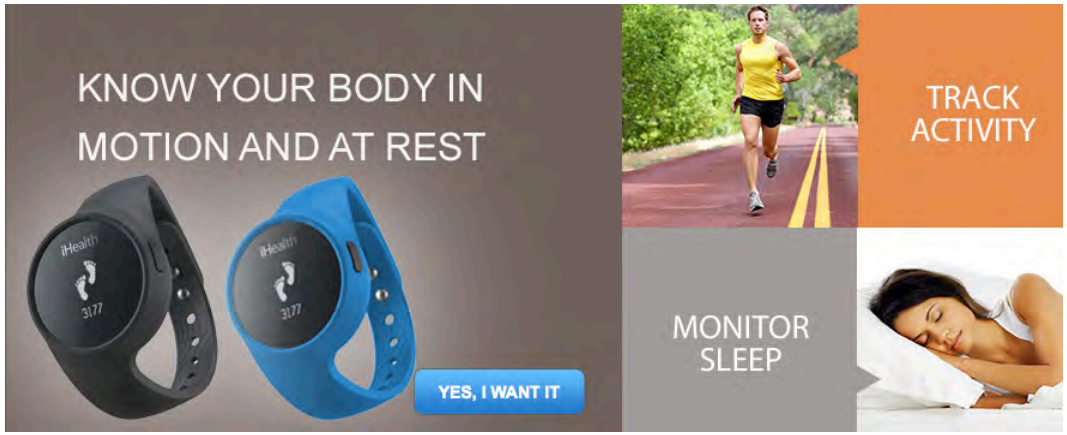
RETAIL PRICE: 59.95 EURO



iHEALTH WIRELESS PULSE OXIMETER

DESCRIPTION: iHealth The Wireless Pulse Oximeter is a reliable way to spot-check blood oxygen saturation (SpO2) and pulse rate (BPM). This lightweight and portable device takes fast, noninvasive measurements at the fingertip. Track and view your SpO2 and BPM readings directly on the device's display and in the iHealth SpO2 app during sports training or other recreational activities. Once you've downloaded the free "iHealth SpO2 app" from the App Store, you'll be ready to use your Wireless Pulse Oximeter. We've made it easy for you to track your progress and get inspired to manage your personal health in a more hands-on way, wherever you go. Compatible with Apple iPhone 4S +, iPad 3+, iPad Mini, iPod touch 5th generation +.

iHEALTH SMART GLUCO-MONITORING

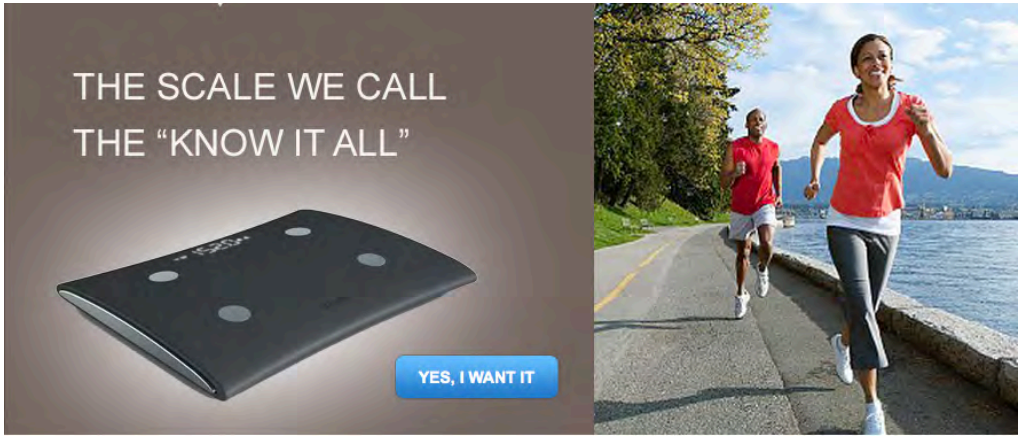
DESCRIPTION: The Wireless Smart Gluco-Monitoring System lets you measure and record your glucose levels using a portable testing kit and your Bluetooth-enabled mobile device. The first system of its kind and great for traveling, it includes a sleek meter with an easy-to-read LED display. It's fast, too, taking measurements and delivering accurate results in just five seconds. The free app saves time and eliminates errors by automatically handling tasks that are manual in some systems, like coding, counting test strips, and logging test results. Add the secure cloud service (it's free, too), and you have a convenient "go-to" testing system—wherever you go. Once you've downloaded the free "iHealth Gluco-Smart" app from the App Store, you'll be ready to use your Wireless Smart Gluco-Monitoring System. We've made it easy for you to manage your blood glucose levels, test strips, medication and insulin from wherever you are. Compatible with Phone 3GS +, iPad 2 +, iPad mini, iPod touch (4th generation)+.

CODE: HE-00217-APP

iHEALTH WIFI BODY ANALYSIS SCALE

DESCRIPTION: Don’t be fooled by its cool design. Our Wireless Body Analysis Scale is a workhorse. Measure, track and share 9 different characteristics of your body composition on our free iHealth mobile app. You can use it online or off. And our scale supports up to 20 users, so go ahead, compare your muscle mass with the whole family. Measure weight, body fat, lean mass, muscle mass, bone mass, body water, daily calorie intake, body mass index, and visceral fat rating.Set goals and reminders, view trends, and organize records. Share your results instantly with friends, family or your doctor. Log calories and daily activities.

CODE: HE-00179-APP



iHEALTH WIFI BLOOD PRESSURE WRIST MONITOR

DESCRIPTION: We've found a way to make checking your blood pressure even cooler. Our Wireless Blood Pressure Wrist Monitor attaches with a smaller cuff at the wrist, for easy on and off. It also uses motion sensor technology to ensure the most accurate read possible. Using our free iHealth mobile app, measure and track your systolic/diastolic numbers, heart rate, pulse wave and measurement time. Then share your results instantly. Measure and track your systolic/diastolic numbers, heart rate, pulse wave and measurement time. Create visually dynamic charts to track your progress. Compare results against your historical averages, as well as World Health Organization (WHO) classifications. Share results instantly with friends, family, or your doctor. Keep track of physical activities and daily diet as part of your overall health.

CODE: HE-00181-APP

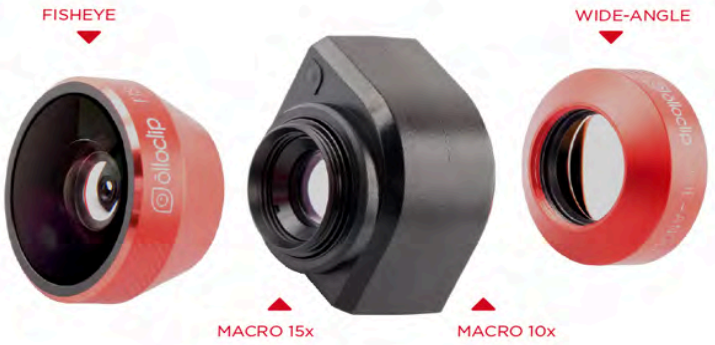
OLLOCLIP 4 in 1 IPHONE 5-5S

DESCRIPTION: The olloclip 4-IN-1 is a quick-connect lens solution for the iPhone that includes Fisheye, Wide-Angle and 2 Macro lenses in one small, convenient package that easily fits in your pocket – and the palm of your hand. It connects to the iPhone within seconds so you'll be sure to capture the image you want. If you don't see the picture you're looking for, just flip it over to switch lenses. The Fisheye lens captures approximately a 180° field-of-view and produces some striking images. The Wide-Angle lens is great for when you need that extra field of view, approximately double that of the normal iPhone. Choose the lens based on the level of detail you're looking for. The 10x Macro Lens has an approx. 18mm focus distance. The 15x Macro Lens has an approx. 12mm focus distance. To access either Macro lens, simply unscrew and remove the Wide-Angle or Fisheye .

CODE: AC-00189-PH5S-N

CODE: AC-00189-PH5S-S



OLLOCLIP 3 in 1 IPHONE 5-5S

DESCRIPTION: The olloclip is a quick-connect lens solution for the iPhone 5 that includes fisheye, wide-angle and macro lenses in one small, convenient package that easily fits in your pocket. Nestled in the palm of your hand, the olloclip connects to the iPhone within seconds so you'll be sure to capture the image you want…if you don't see the picture you're looking for just flip it over to switch lenses.
Fisheye: The Fisheye lens captures approximately a 180 Degree field-of-view and produces some striking images.
Wide-Angle: The Wide-Angle lens is great for when you need that extra field of view, approximately double that of the normal iPhone.
Macro: The Macro lens applies roughly a 10X multiplier and allows you to focus the iPhone within 12-15mm of the subject. The Macro lens is cleverly concealed within the olloclip and can be accessed by unscrewing the Wide-Angle lens that is normally attached to it.

CODE: AC-00157-PH5-R
CODE: AC-00157-PH5-N

OLLOCLIP 3 in 1 IPHONE 5C

NEW

DESCRIPTION: The olloclip is a quick-connect lens solution for the iPhone 5 that includes fisheye, wide-angle and macro lenses in one small, convenient package that easily fits in your pocket. Nestled in the palm of your hand, the olloclip connects to the iPhone within seconds so you'll be sure to capture the image you want…if you don't see the picture you're looking for just flip it over to switch lenses.
Fisheye: The Fisheye lens captures approximately a 180 Degree field-of-view and produces some striking images.
Wide-Angle: The Wide-Angle lens is great for when you need that extra field of view, approximately double that of the normal iPhone.

TELEPHOTO IPHONE 5-5S & IPOD TOUCH

NEW

DESCRIPTION: The olloclip Telephoto + Circular Polarizing Lens is a quick-connect lens solution for the iPhone and iPod touch that fits in the palm of your hand. This lens was designed for anyone who takes photos with an iPhone or iPod touch. Need to get closer to the action? The Telephoto Lens does just that with 2x optical magnification. Subjects look larger and you can zero right in. Additionally the CPL can be used with the Telephoto Lens as well as the Fisheye and Wide-Angle Lenses of the original olloclip 3-IN-1 Lens System. It offers a more creative depth of field, and you can use selective focus to make your subjects stand out distinctly from their backgrounds. You may set the focus within the Apple camera app. The olloclip App (free in the App Store) is also an excellent tool to help you set the focus.

CODE: AC-00187-APP-N

OLLOCLIP MACRO 3 in 1 IPHONE 5-5S

DESCRIPTION: olloclip uses precision ground, coated glass multi-element optics for the lenses. The barrels are made from aircraft grade aluminum using a CNC machine and then anodized. The iPhone attachment is made from a soft plastic material to ensure a secure fit every time. While high quality components like these are expensive to make, we believe our users appreciate a quality product that provides excellent results and is a pleasure to use. 7x Macro the lowest magnification option; revealed when you remove the 14X; provides a wider field of view with minimal bokeh (aesthetic blur in out-of-focus areas). 14x Macro the default choice for medium magnification: easy to switch on and off using the lens adapter. 21x Macro Super high magnification focuses in on details and textures not easily seen with the naked eye; provides a tighter field of view and a higher degree of bokeh.

CODE: AC-00193-PH5S

NEW

OLLOCLIP COVER IPHONE 5&IPOD TOUCH

DESCRIPTION: The olloclip cover turns your Iphone 5/5S into mobile photo studio. Sleek, lightweight and attractive case. TECHNOLOGY

CROON SPEAKER

DESCRIPTION:is a new brand of music equipment, a wireless bluetooth speaker system that sounds great and is easy to set up and use.With proven Bluetooth ® technology, vibration absorbing housing and an ultra clean sounding amplifier, KNOB™ ORIGINAL not only achieves that goal, it sets a new standard for what every speaker should be. KNOB™ will reproduce music wirelessly from any device equipped with a Bluetooth® connection. Connects to just about anything like the iPad, iPhone and iPod, anything Android, Blackberry or Windows Phone7.
isolation cones + tripod. Great sound without vibration control is useless. Isolating the vibrations from the surrounding area is executed by combining two time-honored solutions. The Isolation Cones and a Tripod. The Isolation Cones reduce the vibration frequencies to the point of contact while the Tripod provides the most stable supporting structure regardless of the surface it rests on.k
